Ahmednagar College, Ahmednagar

12th- Maharashtra State Board of Secondary and Higher Secondary Education

2021

Percentage: 82.66 / 100

Shree Hanuman Vidhyalaya, Dighol

10th-Maharashtra State Board of Secondary and Higher Secondary Education

2019

Percentage: 83.33 / 100

PROJECTS

Smart Wheelchair

Final Year Project

Sensor Integration, Circuit Design, Automation and Control Systems, IoT

Actively designing and developing a smart wheelchair aimed to design and develop a cost-effective, bluetooth-controlled smart wheelchair system that enhances the mobility and independence of physically challenged and elderly individuals using embedded systems and IoT technologies.

Social Media Application

10 Oct, 2024 – 8 Nov, 2024

HTML, CSS, JavaScript, GSAP, Express.js

[Github](#)

Developed a dynamic and responsive Social Media Web Application using React JS, offering core features similar to popular platforms like Instagram or Facebook. The app allows users to create an account, log in securely, post images or text, like and comment on posts, and maintain a personalized profile.

The project emphasizes real-time updates, component-based architecture, and state management using React Hooks and Context API.

CERTIFICATIONS

- Front End Development– HTML5, CSS, JavaScript
- Developer and Technology Job Simulation– Software Testing
- Data Visualisation – Data insights and Analysis
